

The sharing of knowledge, resources, and lessons learned among the CRAM user community is welcome and encouraged. If you have any tips and/or have developed any support materials (e.g. pictorial field guides) that you feel would assist your fellow practitioners with conducting a CRAM assessment, please let us know. Producers of third-party materials developed specifically for CRAM are encouraged to confer with the CRAM development team and the Level 2 Committee of the California Wetland Monitoring Workgroup (CWMW) to ensure the quality and accuracy of the materials produced.

Please submit a copy of the proposed material to CRAM@cramwetlands.org or the CRAM training technical lead in your region (see list below), along with your contact information. Electronic copies are preferred, but hard copies are also acceptable. You will be notified once the material is received. After your submission has been reviewed, you will be notified if any revisions are requested from the CRAM development team. If your material is accepted without revision, it will be posted to the CRAM website as support material that has been endorsed by the CWMW. Please allow several weeks for the full review process.

If you have produced CRAM support material and wish to distribute it to the user community, but prefer not to go through the full review process, we respectfully ask that you include the following disclaimer in the citation of the document:

“This material has not been reviewed, endorsed, or supported by the developers of CRAM and the Level 2 Committee of the California Wetland Monitoring Workgroup (CWMW).”

CRAM Regional Technical Leads

North Coast region:

Chad Roberts
P.O. Box 72477
Davis, CA 95617
(530) 219-1288; rcr@robertsecp.com

San Francisco Bay region:

Sarah Pearce
San Francisco Estuary Institute
7770 Pardee Lane, 2nd Floor
Oakland, California 94621-1424
(510) 746-7354; sarahp@sfei.org

Central Coast region:

Kevin O’Connor
Central Coast Working Group
8272 Moss Landing Road
Moss Landing, CA 95039-9647
(831) 771-4495; koconnor@mlml.calstate.edu

South Coast region:

Chris Solek
Southern California Coastal Water Research
Project
3535 Harbor Blvd., Suite 110
Costa Mesa, CA 92626-1437
